Standard Title Sheets and Code Review Sheets for BDC/FE Projects

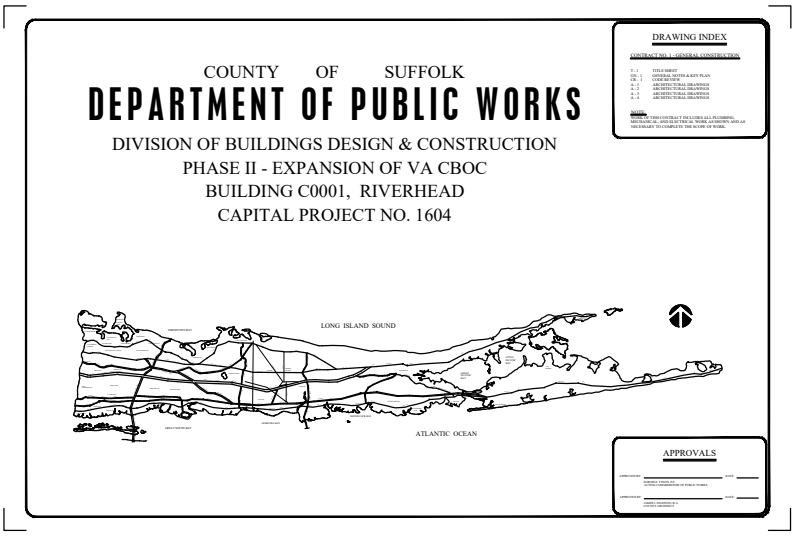

Referring to the attached summary sheets:

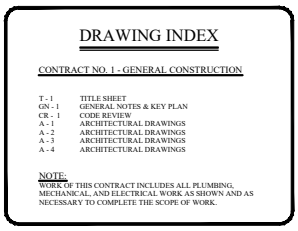

1. For any and all **DPW In-House** projects (where the BDC/FE PM is the "consultant") –
   a. The first drawing, Drawing T-1, shall be the Title Sheet containing the "COUNTY OF SUFFOLK, DEPARTMENT OF PUBLIC WORKS" displayed with the division immediately below that, the project description below that and the building number & location below that. The Drawing Index shall be situated in the upper right corner. The outline map of Suffolk County and the County Architect/Chief Engineer and Commissioner Approvals Box shall be included.
   b. The second drawing, Drawing GN-1, shall contain general notes, a site map and a plot plan.
   c. The third drawing, shall contain the code review sheets as follows:
      i. For the construction of new buildings, the drawings shall be CR-1 through CR-4 as recently developed. These drawings refer to the "Building Code."
      ii. For construction work proposed to existing buildings, the drawing shall be CR-1 as recently developed. This drawing refers to the "*Existing* Building Code."

2. For any and all **DPW Contracted Consultant** projects –
   a. The first drawing, Drawing T-1, shall be the Title Sheet containing the "COUNTY OF SUFFOLK, DEPARTMENT OF PUBLIC WORKS" displayed with the division immediately below that, the project description below that and the building number & location below that. The outline of Suffolk County and the County Architect/Chief Engineer and Commissioner Approvals Box shall be included. The PM will supply the consultant with a signed .pdf version of this drawing to be incorporated into the final drawing set when the project is ready to bid. The PM will provide a "placeholder" Title Sheet to the consultant until such time as the final, signed version is available.
   b. The second drawing, Drawing T-2, shall be the second Title Sheet containing a drawing index, site map and a plot plan and shall be on the consultant's title block.
   c. The third drawing, shall contain the code review sheets in .pdf format inserted on the consultant's title block as follows:
      i. For the construction of new buildings, the drawings shall be CR-1 through CR-4 as recently developed. These drawings refer to the "Building Code."
      ii. For construction work proposed to existing buildings, the drawing shall be CR-1 as recently developed. This drawing refers to the "*Existing* Building Code."

3. For any and all **Other County Agency Consultant** projects (i.e. by licensees, lessees or vendors) –
   a. The first drawing, Drawing T-1, shall be the Consultant's Title Sheet containing whatever information the consultant deems appropriate.
   b. The second drawing, shall contain the code review sheets in .pdf format inserted on the consultant's title block as follows:
      i. For the construction of new buildings, the drawings shall be CR-1 through CR-4 as recently developed. These drawings refer to the "Building Code."
      ii. For construction work proposed to existing buildings, the drawing shall be CR-1 as recently developed. This drawing refers to the "*Existing* Building Code."
