YAVAPAI COUNTY FLOOD CONTROL DISTRICT

TO: Registered Professional Engineers and Land Surveyors

FROM: Yavapai County Flood Control District

RE: Elevation of Floodplain Property Form

Attached is a copy of the District's Elevation of Floodplain Property form. The purpose of the form is to determine the existing ground elevation at the location of a proposed structure within a flood hazard area.

Engineering requirements for structures within the flood hazard area are based on the depth of the 1%-chance storm runoff against the house, among other things. Having the exact ground elevation allows us to determine the actual depth at the proposed structure and therefore, determine the design requirements for a permit.

If you have any questions, please feel free to call the District at (928) 771-3197.

Thank you for your cooperation.

Sincerely,
YAVAPAI COUNTY FLOOD CONTROL DISTRICT

When Completed Return To: YAVAPAI COUNTY FLOOD CONTROL DISTRICT

ELEVATION OF FLOODPLAIN PROPERTY

DESCRIPTION (APN, LOT/SUBD): _____

SITUS ADDRESS: _____

OWNER/APPLICANT: _____

SURVEY INFORMATION

BASE BM/RM ELEVATION: _____ ☐ 1929 ☐ 1988

DESCRIPTION: _____

GROUND ELEVATIONS @ BUILDING SITE: _____ ☐ 1929 ☐ 1988
[MINIMUM THREE (3) REPRESENTATIONS OF STRUCTURE LOCATION]

SURVEYOR COMMENTS:

SKETCH OF PROPERTY
Include location of property benchmark and building site elevations. You may attach an additional page showing the location of the most upstream corner of proposed improvement. At least 2 distances from 2 different sides must be marked from edge of parcel lines to accurately determine BFE.

(SEAL)

FLOOD CONTROL USE

ALL ELEVATIONS ARE: ☐ 1929 ☐ 1988

BFE: RFE:
