You should be able to reach the Mechanical Inspector at his office between 8:00 and 9:00 nearly any morning. Try at other times as well. Telephone.....269 427 7543. FAX service is not available at present. Email is the best way to leave a message. EMail to walt@waltdevisser.com . MAKE CHECKS PAYABLE TO *GENEVA* TOWNSHIP and Mail application to:

Geneva Township C/O Walter L. De Visser, Sr. 63263 CR380 Bangor, MI 49013	**When this application is signed (or stamped or coded with a number) by the Mechanical Inspector and the Permit Number is affixed, This form becomes the permit.**

Walter L. De Visser, Sr._____

GENERAL: Mechanical work shall not be started until the application for permit has been filed. All installations shall be in conformance with the State Mechanical Code. No work shall be concealed until it has been inspected. The telephone number for the inspector is provided on the permit form. When ready for an inspection, call the inspector providing as much advance notice as possible. The inspector will need the job location and permit number. This request should be made by the contractor of record.

EXPIRATION OF PERMIT: A permit remains valid as long as work is progressing and inspections are requested and conducted. A permit shall become invalid if the authorized work is not commenced within six months after issuance of the permit or if the authorized work is suspended or abandoned for a period of six months after the time of commencing the work. A PERMIT WILL BE CANCELLED WHEN NO INSPECTIONS ARE REQUESTED AND CONDUCTED WITHIN SIX MONTHS OF THE DATE OF ISSUANCE OR THE DATE OF A PREVIOUS INSPECTION. CANCELLED PERMITS CANNOT BE REFUNDED OR REINSTATED. This is important and is enforced.

Notes: ITEM #2, RESIDENTIAL HEATING SYSTEM: This item is used for the installation of a heating system in a new residential structure. Items # 8, #10, and #15, SHOULD NOT BE charged again. Replacement systems should be itemized. ITEMS #13 is for LP vendors only. A homeowner must own tank to install. If homeowner does not own tank, a licensed mechanical contractor must install tank. Hoods for commercial use: Should be listed under item #22 as unlisted equipment. Wood/fuel fired yard boilers and water heaters are to be listed under items #6, #14(total pipe or tube), and #18(Heat coil) if connected to a residence or shop but no permit is required if connected only to ag buildings.

Multiple Visits: It is the contractor of record's obligation to provide access at the inspection site. There must be a key, persons on site, or a provision by the contractor for access including ladders if required and an address post or mailbox with number provided. An additional visit because the site is not marked, or access is not provided may be charged at the rate of $30 per visit and a final may not be issued until this fee is paid.
