

1. Describe each child in your home (include their adjustment and any needs they might have and changes you have observed).
2. How do you expect each child will adjust to the additional children? What will you need to do to address any issues?

1. Information about training completed since the last study update (including hours completed).
2. How satisfied were you with the training and how did it enhance your fostering/adopting experience?

3. Have there been any changes in your family composition?
4. Have there been any changes in your family resources (employment) or residence?
5. Have there been any changes in any family member's health?
6. Have there been any significant experiences that have impacted the family during this licensing period (i.e., accident, injuries, death, legal issues)?
7. Did you receive some additional support services from the county to assist you in meeting the needs of children in your care (i.e., child care, respite, skills work, therapy of any kind)? Is there anything that you needed that you did not receive?
