Determining the Value of a Vehicle

Vehicle value is determined by the department using the Standard Presumptive Value (SPV) calculator found on the department's website at **www.TxDMV.gov**. If the SPV calculator does not return a value, the department will use a value from a national reference guide. If the department is unable to determine a value, you must obtain an appraisal from a licensed dealer or licensed insurance adjuster on a *Motor Vehicle Appraisal for Tax Collector Hearing / Bonded Title* (Form VTR-125). The appraisal must be legible, include the appraiser's business name, address, and license number; and must have the appraiser's original signature. **Contact your local TxDMV Regional Service Center or visit our website at www.TxDMV.gov for additional information.**
